Audiovisual
Lending Library*

The films listed in this publication are intended to assist safety and risk management professionals with educating employees. The films are not a substitute for any required regulatory compliance programs, but rather are intended to offer supplemental information related to specific safety, health and risk management topics.

These films can be ordered at no cost to our customers. They are available on a loaner basis. We ask that you contact our field risk management consultant, Mike Salazar, at 317-686-6407 or email at mike_salazar@gregoryappel.com to obtain use of these films. All films must be returned by the agreed upon date and we suggest that you return them to our office at 1420 N. Capitol Suite 400 via a common carrier who can insure them for loss or damage up to \$250.

LOSS CONTROL AUDIO VISUALS

Manufacturing/General Industry

| | | |
|-------------------|---|--|
| 1003A | Hazard Communications, Your Right to Know | Program adds in chemical spills and reinforces the information required for training employees in MSDS and basic hazard communications 13 minutes |
| 1003A SP | Hazard Communications, Your Right to Know | Same as 1003A only in Spanish. |
| 1004A | OSHA's New Hazardous Energy Source (Lockout/Tagout) | This program meets the requirements for training employees in the new lockout/tagout procedures. 12 mins. |
| 1005A | Workplace Safety Inspection Checklist | Overview of what workplace inspections is all about, how to complete inspection forms and basics relating to unsafe conditions in the workplace. |
| 1008A | Safety Committees | With limited time by the manufacturing industry, effective safety committees may be difficult to achieve. Safety committees can become burden rather than providing a benefit. This program deals with effective safety committees within a limited amount of time. 12 mins. |
| 1009A 2 Videos | How to Develop an Effective Safety Program | Complete step-by-step program for successfully developing and implementing an effective safety program. 19 minutes |
| 1010A | Documentation of Safety Efforts | Teaches supervisors (and employees) the importance of providing written documentation for all training and safety efforts. 11 minutes |
| 1016A | Supervisor's Guide to Accident Reporting | Explains why accident investigation reports are important and offers tips on investigation fact-finding techniques. Demonstrates the wrong way to conduct an employee interview after an accident and some "human behavior" tips. 12 minutes |
| 1017A | Safety Tips for New Safety Supervisors | Developed for the non-professional person assigned the job of coordinating a safety program 11 minutes |
| 1021A | Workers' Compensation Fraud | This program is targeted to all employees explaining the Workers' Compensation concept. 12 minutes |

| | | |
|----------|---|---|
| 1022A | Americans with Disabilities Act | The Americans with Disabilities Act of 1990 (ADA) was signed into law July 26, 1990. The law prohibits discrimination against qualified people with disabilities in employment, public services and transportation, public accommodations, and telecommunications. This video provides an explanation of the requirements of this new law, which is applicable in all states. Can be used to train management, supervisors, and employees. Booklet explaining this law included with video. 14 minutes |
| 1026A | How To Investigate An Accident | Teaches supervisors the basics of accident investigation, the important points to consider when developing facts for an accident report. Goes through a scenario of an accident investigation. 13 minutes |
| 1027A | Reporting for Work - Your Safety Responsibilities | General orientation to safety basics that can be used to supplement your safety orientation program. 13 minutes |
| 1027A SP | Reporting for Work - Your Safety Responsibilities | General orientation to safety basics that can be used to supplement your safety orientation program. 13 minutes |
| 1028A | Lead In The Workplace | This program gives the important facts regarding exposure to lead and the resulting ailments. 15 min. |
| 1029A | Loading/Unloading Trailers | This program explains how to properly load and unload trailers, using forklifts. 13 min. |
| 1030A | Labor/Management Safety Committees | This is an excellent program to train everyone about proper operations of a safety committee. 15 min. |

Landscape Maintenance Safety

| | | |
|--------------|-----------------------------|--|
| 50019A | Landscape MaintenanceSafety | "Safety Awareness" Guidelines for protection with mowers, power equipment, and working with chemicals. 9 mins. |
| 50019A SP | Landscape MaintenanceSafety | "Safety Awareness" Guidelines for protection with mowers, power equipment, and working with chemicals. 9 mins. |

Personal Protection

| | | |
|----------|--|--|
| 1002B | Fit Testing Respirators | Proper procedures for testing, maintaining and using this equipment. 10 minutes |
| 1003B | Eye Protection | This program explains eye protection requirements in a humorous manner. 16 mins. |
| 1004B | Eye Protection-A New Approach (Non-humorous) | This program explains eye protection requirements in a non humorous maner. 11 minutes |
| 1004B SP | Eye Protection – A New Approach | This is the same program as 1004, in Spanish. 11 minutes |
| 1006B | Carbon Monoxide Poisoning | This program deals with the awareness and training of Carbon Monoxide. 13 mins. |
| 1007B | Personal Protective Equipment | This program was designed to emphasize the importance of using personal protection when required. Explains hard hats, gloves, eye protection, hearing protection and other aspects of protective equipment. 10 mins. |
| 1007B SP | Personal Protective Equipment | This program was designed to emphasize the importance of using personal protection when required. Explains hard hats, gloves, eye protection, hearing protection and other aspects of protective equipment. 10 mins. |
| 1008B | Blood borne Pathogens in the Workplace | Explains precautions to take when administering first aid in the workplace. 14 minutes |
| 1010B | Controlling Exposures to Blood borne Pathogens | This program was developed to meet the training requirements for those employees who reasonably anticipate exposure to blood or body fluids on the job. 16 minutes |
| 1012B | Hearing Conservation | Explains the anatomy of the ear and how noise causes hearing loss. 12 minutes |

Safety Behavior

| | | |
|-------|------------------------------|---|
| 1001C | Employee Productivity | This program was designed for supervisors to help motivate employees to work efficiently, to be more productive and certainly to include safety. 10 min. |
| 1002C | What is Carelessness? | This program identifies the more common misconceptions about the word "carelessness" and stress the cause(s) of many accidents wrongly identified as carelessness. 4.5 min. |
| 1003C | Unsafe Acts-Human Behavior | The major emphasis of this program is reducing unsafe acts through education. 11 min. |
| 1004C | Accident Causes & Prevention | This is a short program for training employees in the vast majority of accident causes. 11 min. |
| DVD | Rudy: Safety Takes Courage | This is a DVD that recounts Rudy's motivational story of a tragic workplace accident that redirected the course of his life. Rudy highlights visualization, character, courage and respect for life as key elements in safety performance. The Play option allows for viewing the program in chapters to facilitate discussion during viewing. Added features and benefits of DVD training include: informative training points and bonus material for refresher or training talks; a customizable PowerPoint™ presentation; and a printable Leader's Guide. 16 min. |

Back Injury Responsibility

| | | |
|-------|---|--|
| 1002D | Back Injury Prevention through Exercise | Explains back basics and why exercise is important before starting to work. 7 minutes |
| 1007D | Lifting Safely with Flex Supports | Program on how to lift safely and how to use back support devices. 10 minutes |

Office Environments

| | | |
|-------|---|--|
| 1001E | General Office Safety | Explains the most common hazards and resulting injuries in the office. 9 minutes |
| 1002E | Safety Orientation in Office Environments | Meets OSHA requirements for training employees in the general hazards to which exposed. 14 minutes |
| 1005E | Hazard Communications of Office Personnel | Basic hazard communications training program to meet OSHA requirements but oriented to the office environment and the chemicals most closely associated with offices. 9 minutes |

Chemicals/Hazardous

| | | |
|-------|---|---|
| 1002F | Fire Protection/Electrical Safety | Teaches the employee more about these important subjects. |
| 1003F | Waste Minimization in Manufacturing | Introduces you to the concept of waste minimization. 12 minutes |
| 1004F | Flammable Liquid Safety | This is a training program for employees working with flammable liquids. Explains LEL, UEL, flashpoints and other pertinent information. 9 min. |
| 1005F | Bonding and Grounding of Flammable Liquid | Short program explaining static electricity, bonding and grounding of flammable liquids and how to reduce the effects of potential explosions by reducing static electricity. |
| 1006F | NFPA Hazardous Materials Labeling/I.D. | Identifies the labeling program so employees and supervisors are aware of the meanings. 7 minutes |
| 1008F | Hazardous Materials - Spill Clean-up | Explains clean-up procedures, emergency action, hazardous waste and information to control spills. 14 minutes |
| 1009F | Hazardous Materials & Flammable Safety | Explains what hazardous materials and flammables are, fire triangle, UEL, LEL, flashpoints and other. 16 min. |
| 1010F | Hazwoper Orientation | Provides guidelines for OSHA requirements, emergency response plans and proper clean-up procedures.14 mins. |
| 1019F | Fire Extinguisher Training and Use | This program explains the various classes of fires, different types of fire extinguishers, the key word PAAS and other tips for emergency use of fire extinguishers. 8 min. |
| 1021F | Asbestos Building & Inspection | Designed for individuals responsible for building inspections. Basics for development of a plan for inspection, how to inspect and different techniques involved in asbestos inspection. 11 min. |
| 1022F | Flammable/Combustibles | An excellent program designed to make everyone more aware of his or her responsibilities. Safety awareness in storing, using, handling, proper labeling and disposing. 8 min. |
| 1023F | Fire Prevention Responsibility | An overview of the basic fire prevention; employee responsibilities for housekeeping, keeping access to the |

| | | |
|--|--|--|
| | | emergency exits from being blocked, etc. |
|--|--|--|

Forklift Safety

| | | |
|-------|--|---|
| 1001G | Forklift Operator Training | Program for anyone operating forklifts in the manufacturing environment. Teaches students engineering principles, operator safety rules and operative maintenance. 16 mins. |
| 1002G | Forklift Instructor Training – A New Approach | Three short programs in one for instructors/trainers to concentrate on each subject. 18 mins. |
| 1005G | Supervisors and Forklift Training | This program designed for supervisors who must oversee forklift operators. It's important that supervisors know the rules and requirements before they can successfully oversee forklift rules and the non-enforcement of these rules can lead to accidents and injuries. Mildly humorous. 13 mins. |
| 1007G | Safety People and Equipment In Warehouse Operation | This program is designed for anyone working in a warehousing environment. emphasizes the co-existence of forklift operators. |
| 1009G | Safe Handling of Wood Pallets | Designed for warehouse persons on how to safely handle wood pallets and stack/store. 9 min. |
| 1010G | Battery Charging Safety | Safety precautions to take when handling batteries on forklifts and pallet jacks. 10 min. |
| 1013G | Electric Pallet Jack | This video can be used to train operators in manual pallet jacks. 15 min. |

Machinery & Specific Hazards Training

| | | |
|-------|---|--|
| 1001H | Health Factors in Welding Operations | Tips on how to generally improve the employee's health in welding operations. 28 min. |
| 1002H | Cranes, Chains, Slings & Hoists Safety | This program meets OSHA training requirements. 12 min. |
| 1007H | Hand & Power Tool Safety | This program helps to reduce injuries when using hand and power tools. 13 min. |
| 1008H | Portable Grinders & Abrasive Wheels | This video explains safe use, procedures and maintenance of grinders and abrasive wheels. 13 min. |
| 1010H | Safe Handling of Compressed Gas Cylinders | General safe handling procedures. 10 min. |
| 1011H | ARC Welding Safety | An excellent review of ARC welding safety, safety hazards and health hazards associated with this type of welding operation. 11 min. |
| 1012H | Gas Welding Safety | Program explains cylinder connections, valves, "cracking", and basic safety procedures when using fuel gas welding and cutting. 14 min. |
| 1014H | Cutting Torch Safety | Program to increase safety awareness for anyone using or handling acetylene torches, specifically in cutting. 10 min. |
| 1015H | Hazard Material/Maintenance Dept. | Explains the safety basics for working with a variety of chemicals and hazardous materials. 14 min. |
| 1016H | Machine Guarding Responsibility | Demonstrates lock out/tag out, machine guarding, personal responsibility and working on or around moving parts. 9 min. |
| 1018H | Ground Fault Circuit Interrupters | Review of what GFCI's are all about. 12 min. |
| 1020H | Confined Space Entry | Safety requirements for work in and around confined spaces. 19 min. |

Miscellaneous Safety Training

| | | |
|-------|---|---|
| 1001I | How to Prevent Slips and Falls | "All new" program designed to promote awareness and prevent slips and falls. 13 min. |
| 1003I | Carpal Tunnel Syndrome | This program explains CTS and how to prevent CTS. 14 min. |
| 1004I | New Treatment Approach for Carpal Tunnel Syndrome | Explains the research and effective treatment for CTS. 7 min. |
| 1008I | Drug Testing in the Workplace | This program is designed for those companies now using or considering drug testing. |
| 1009I | Hand & Wrist Injuries | This program is used to train employees in preventing hand and wrist injuries. 10 min. |
| 1015I | Safe Driving on Freeway | |
| 1017I | Consequences of Driving a Motor Vehicle Under the Influence | This program is designed to graphically demonstrate the consequences of driving under the influence. 10 min. |
| 1021I | Housekeeping in Manufacturing | Emphasizes how important it is for all employees to keep a clean, orderly, and safe working environment. 8 min. |
| 1025I | Emergency Preparedness at Work | This program is designed to explain how to prepare at work for emergencies, such as earthquakes, tornadoes, hurricane and others. |
| 1028I | Golf Course Maintenance Safety | This program is designed to improve golf course maintenance safety program and help meet OSHA requirements. 14 min. |
| 239 | Backing up | Safely backing up trucks, trailers, and other vehicles can be a challenging task required more than a little skill. Every year there are many accidents resulting in injury and damage due to carelessness when backing vehicles. |

Supervisor Leadership Training

| | | |
|----------|------------------------------------|---|
| 2001A | Understanding People | This program touches studies, as well as other management theories on developing a unique style of leadership. 24 min. |
| 2002A | Supervisor Responsibility | This program explains in more specific ways accepting accountability for actions taken. 19 min. |
| 2003A | Employee Training Responsibilities | Preparation for training employees. Environment is the main focus of this video. 21 min. |
| 2004A | Discipline - The Supervisor's Role | This program will explain what discipline is all about, how to achieve it. 12 min. |
| 2005A | Sexual Harassment in the Workplace | This program explains how to deal with, offers useful tips in avoiding/eliminating sexual harassment. 12 min. |
| 2005A SP | Sexual Harassment in the Workplace | This program explains how to deal with, offers useful tips in avoiding/eliminating sexual harassment. 12 min. |
| 2006A | Performance Reviews | This program emphasizes the supervisor's responsibility in evaluating employee performance. 17 min. |
| 2007A | Absenteeism/Tardiness | This program explains the concepts method and follow-up necessary to achieve company goals in reducing this problem. 16 min. |
| 2008A | Recognizing Chemical Dependency | This program is designed to interface with any company's policy on drug/alcohol abuse in the workplace. 21 min. |
| 2009A | Communications | This program explains two-way communications, feedback, openness, and honesty with employees, behavior and generally how to gain the respect of employees. 21 min. |
| 2010A | Hiring and Firing | This program explains how to implement hiring and firing procedures, as it is critical to any organization. 19 min. |
| 2011A | How To Build an Effective Team | This program shows all the things that make up an effective and aggressive team in the workplace. 12 min. |

| | | |
|-------|-------------------------------|---|
| 2012A | The Troubled Employee at Work | This program looks at some symptoms and what supervisors can do to improve work performance and behavior, to have competent and effective employees. 17 min. |
|-------|-------------------------------|---|

| | | |
|-------|---|--|
| 2014A | Safety and the Supervisor | This program explains what a safety program is, how the supervisor's actions and enforcement of the rules are the key factors. 20 min. |
| 2013A | Time Management | This program explains how to recognize time loss, how to find out where it's going and basically how to organize the supervisor's time to get the maximum return on their investment. 20 min. |
| 2015A | Stress Management for Supervisors and Employees | This program is designed to explain stress on the job, how to control and manage it. Recognition of stress symptoms, how it interferes with productivity and how it can become a serious liability. 19 min. |
| 2016A | Setting the Example for Your Employees | This program explains how to raise the supervisor's consciousness about leadership by example. 11 min. |
| 2017A | Understanding Disabilities | This program discusses people with mental and physical disabilities. 21 min. |

Public Agencies

| | | |
|----------|-----------------------------|--|
| 3002A | Traffic Control | This program addresses all aspects of traffic control common to contractors and public agencies. 18 min. |
| 3003A | Flagging Safety | This short video addresses proper flagging procedures and techniques in a humorous, informative way. 8 min. |
| 3004A | Back Care | This program offers ways to avoid back strain. |
| 3005A | Backhoe Safety & Operations | This program is targeted toward new as well as experienced operators |
| 3006A | Dump Truck Safety | This video covers pre start up procedures, brake systems, and proper techniques for dumping. 15 min. |
| 3008A | Chlorine Safety | Risk and dangers of chlorine with safe use procedures. 12 min. |
| 3014A | Roofing Safety | This video deals with roofers and their safety. 15 min. |
| 3019A | Landscape Maintenance | This program covers safety rules when operating mowers, cutters, knives, trimmers and weed eaters, and also dealing with chemicals and hazardous materials. 15 min. |
| 3019A SP | Landscape Maintenance | This program covers safety rules when operating mowers, cutters, knives, trimmers and weed eaters, and also dealing with chemicals and hazardous materials. 15 min. |

Heavy Manufacturing

| | | |
|-------|---|--|
| 4001A | Safety Orientation for Foundry Operations | This video meets OSHA requirements for training in general hazards as well as guarding, personal protection, accident reporting and more. 12 min. |
| 4002A | Hazard Communications in Foundries | This video details the use of material safety data sheets, labels, and chemical information. 9 min. |
| 4003A | Safe Lifting in Foundry Operations | This video explains the function of the back, lifting techniques and related demonstrations. 10 min. |
| 4004A | Eye Protection in Foundries | This video details the requirements for eye protection as well as the types of protection available. 14 min. |
| 4005A | Hearing Conservation | This video explains the basics of hearing and how to protect it. 14 min. |
| 4006A | Respirators and How to Use Them | This program will give the important facts regarding the use of a respirator. Employees will feel more secure in wearing them. |
| 4007A | Fit Testing Respirators | Respirators must fit properly. This video explains the method of attaining a good fit as well as the types of protection available. |
| 4008A | Human Behavior - Reducing Unsafe Acts | The major emphasis of this video is reducing unsafe acts of employees through education. |
| 4011A | Cranes, Chains, Slings & Hoists Safety | This video explains inspection, safety procedures, sling angles, hooks, and general rigging techniques. 12 min. |
| 4012A | Portable Grinders & Abrasive Wheel Safety | This video explains safe use procedures and maintenance of these tools. 13 min. |

Hotel/Motel Industry

| | | |
|----------|--|---|
| 5001A SP | Employee Safety Orientation | Required by OSHA. All employees must be made aware of the general hazards to which they are exposed. 12 min. |
| 5005A | Housekeeping Safety | This program is for training the housekeeping employee in specific safety hazards and accident prevention techniques. 12 min. |
| 5007A | Maintenance Person Safety | This program is designed specifically for hotel/motel maintenance person. 12 min. |
| 5008A | Kitchen Safety | This program is designed for the kitchen employee relating to equipment safety. 12 min. |
| 5009A | Fire Extinguishers and Operations | How to use fire extinguishers, classes of fire, PASS, and important information. 14 min. |
| 5009A SP | Fire Extinguishers and Operations | How to use fire extinguishers, classes of fire, PASS, and important information. 14 min. |
| 5010A | Ladder Safety | This short program covers the safe use of stepladders, straight ladders, and general safety measures. 7 min. |
| 5010A SP | Ladder Safety | This short program covers the safe use of stepladders, straight ladders, and general safety measures. 7 min. |
| 5014A | Knife Safety | This short program covers knife safety in the workplace. 8 min. |
| | Haste Just Won't Cut It (Knife Safety) | This film reviews knife safety and work practices in the plastic extrusion-manufacturing environment. The Society of the Plastics Industry developed the safety film that focuses on utility knife safety, wearing protective equipment, and proper cutting techniques. 12 min. |
| 5020A | Valet Parking Safety | This film provides safe driving procedures and other safety information for valets. Proper lifting luggage, customer service, guest property protection, and safe driving are featured. 14 min. |

Restaurant/Cafeterias

| | | |
|-------|--|---|
| 6002A | Kitchen Safety | Program explains the proper use and safety procedures for sanitation practices. 13 min. |
| 6004A | How to Reduce Unsafe Acts | This program explains what unsafe acts are and how to eliminate them. Excellent program for reducing restaurant accidents and injuries. 13 min. |
| 6005A | Restaurant Hazard Communications / Right to Know | This video meets OSHA/EPA standards for hazard communications. 13 min. |
| 6006A | Bus Persons, Dishwashers & Janitor Safety | This program covers those jobs and information necessary to reduce accidents & injuries. 14 min. |
| 6007A | Robbery & Employee Theft | What to do in the event of restaurant robbery and facts about employee theft. |
| 6008A | Restaurant Accident Investigation | This video explains accident investigation, what to look for in an investigation, witness statements, and fact-finding process. 11 min. |
| 6009A | Customer Accidents/Third Party Liability | Training tool used to help supervisors treat customer claims and handling. 11 min. |
| 6010A | Back Injury/Slips & Falls Prevention | This program discusses how to provide knowledge and training in preventing two of the major causes of employee injuries. |

School Safety

| | | |
|-------|--|---|
| 7010A | Playground Safety for Elementary School Students | This video teaches students how to avoid accidents on the playground, how to report accidents when they happen, and the importance of obeying rules to prevent accidents. 9 min |
| 7011A | School Bus Safety for Elementary School Students | This video provides a basic review stressing the importance of safety on the school bus. 6 min |

General Safety

| | | |
|-------|---|---|
| 10Eng | Stop the Bleeding | First Aid Basics |
| 10SP | Stop the Bleeding | First Aid Basics in Spanish |
| 8015A | Health & Safety Factors in Welding Operations | This program is to educate welders on the potential health and safety concerns of this occupation. |
| 8021A | Homicide in Workplace | This program focuses on the newest trends of workplace deaths, explains the problem and what action to take to protect workers. 17 min. |

Automotive/Fleet Maintenance

| | | |
|-------|---|---|
| 9001A | Acid Battery & Jump Start | This video explains battery construction, safety and jump-starting. 13 min. |
| 9004A | Employee Safety Orientation for Automotive Personnel | This video trains employees in the general hazards to which they are exposed. 12 min. |
| 9007A | Hand and Power Tool Safety for Automotive Maintenance | Explains procedures for tool safety, housekeeping and other safety procedures. 12 min. |
| 9009A | Fleet Shop Safety & Hazardous Materials | This program addresses hazardous materials and safety issues common to automotive shops. |
| 9010A | Torquing Lug Nuts | Explanation on procedures required to prevent wheels from falling off vehicles due to improper tightening. 8 min. |
| 9012A | Human Behavior Reducing Unsafe Acts | Explains unsafe acts, written counseling and information useful to eliminate accidents and injuries. 11 min. |
| 9014A | Fire Protection/Electrical Safety | This program covers extinguishers, sprinklers, housekeeping, chemicals, cords, receptacles and electrical safety. 9 min. |
| 9016A | Preventing Back Injuries | Provides an understanding of back functions, lifting techniques and how to lift safely. 10 min. |
| 9021A | Fire Extinguisher Use & Procedures | Explains information necessary to ensure everyone knows how to use fire extinguishers and the various classes of fires. 8 min. |
| 9022A | Eye Protection - A New Approach | A humorous video explaining the importance of wearing proper eye protection. 14 min. |
| 9023A | Eye Protection - A New Approach | Same as 9022A, but presented in a non-humorous way. 12 min. |

Retail Trades

| | | |
|--------|---|---|
| 12016A | Small Claims Courts for the Retail Industry | This video discusses the Small Claims Courts system for people who regularly defend cases. 12 min. |
| 12021A | Drug Testing in the Workplace | Emphasizes lab efforts to protect employee rights and how tests are conducted. |

Hospital and Health Care

| | | |
|-----------|--|--|
| 14008A | Lifting Patients From Beds | This program is designed for anyone required to lift patients from beds and the prone position. Explains proper body mechanics and preventing back injuries. 12 min. |
| 14009A | Lifting Patients From Chairs | This program is for lifting patients from chairs or sitting position. 8 min. |
| 14010A | Back Safety For Health Care Providers | This program addresses how the back works. 9 min. |
| 14015A | Universal Precautions – Infection Control Procedures | Designed for health care providers but is an excellent program for engineering, custodial, security administration and other personnel who provide services in the health care environment. Excellent refresher for nursing, lab and other providers who normally receive additional universal precautions training. 8 mins. |
| 14015A SP | Universal Precautions – Infection Control Procedures | Designed for health care providers but is an excellent program for engineering, custodial, security administration and other personnel who provide services in the health care environment. Excellent refresher for nursing, lab and other providers who normally receive additional universal precautions training. 8 mins. |

Custodial Janitorial

| | | |
|-----------|---|---|
| 15001A | Safety Orientation & Accident Prevention | Meets OSHA training requirements for exposure to general hazards. Basic safety information suitable for training new and experienced employees. 12 mins. |
| 15001A SP | Safety Orientation & Accident Prevention | Meets OSHA training requirements for exposure to general hazards. Basic safety information suitable for training new and experienced employees. 12 mins. |
| 15002A | Hazard Communications for Janitors/Custodians | Meets OSHA training requirements. Explains MSDS, labeling requirements, chemical safety, and accident prevention when using hazardous materials and chemicals in this industry. 9 mins. |
| 15002A SP | Hazard Communications for Janitors/Custodians | Meets OSHA training requirements. Explains MSDS, labeling requirements, chemical safety, and accident prevention when using hazardous materials and chemicals in this industry. 9 mins. |
| 15008A | Cleaning/Polishing Floors without Slips and Falls | This video trains on how to reduce the effects of slips and falls in the custodial profession. 16 min. |

Transportation

| | | |
|--------|--|---|
| 265 | Passenger Vans Shuttle Bus Operations I | When you're transporting passengers, you can't take safety for granted. You must follow special procedures and safe driving practices to help ensure the safety of your passengers. It's up to you to make sure they arrive safely and comfortably at their destinations. |
| 266 | Passenger Vans Shuttle Bus Operations II | Driving passenger vans and shuttle buses is different from driving cars. Know your vehicle and know its limitations. Follow safe driving practices at all times. |
| 17003A | Safe Lifting - Modules 1,2,3 | All new program designed to help employees perform proper lifting in order to prevent back injury. Includes preventative safety measures, body mechanics and proper wheelchair lifting, bending, and securing. 20 min, |
| 17004A | Pre-Trip Inspection Small Vehicles | "All new" program demonstrates all aspects of performing proper pre-trip inspections, including preventive maintenance, brake tests, common hazards and more. 13 min. |
| 17012A | 5 Keys to Safe Driving | An excellent program designed to illustrate safe driving techniques. Covers the five keys to safe driving. A must see for any employee who operates trucks or vehicles on the road. 12 min. |

Construction Industry

| | | |
|-------|--|--|
| C001G | General Safe Work Practices | This program outlines basic job responsibilities, safe work practices on the job, including housekeeping, safe lifting, and personal protective equipment. 11 min. |
| C002G | Basic Electrical Safety On the Job Site | Explains how to avoid specific electrical hazards and meets the mandatory training requirements. 11 min. |
| C005G | Preventing Injury Incidents On the job site | Increases safety awareness on the job. 9 min. |
| C006G | Housekeeping on the Job Site | Reflects the teamwork needed and responsibilities of a job site. 10 min. |
| C007G | Call Before You Dig Anything | Electrical gas, and utilities and their importance of being called. 8 min. |
| C009G | Framer Safety | An orientation program for those persons assigned the job of framing. 12 min. |
| C010G | Safety and Your Responsibility | Program explains proper clothing, footwear, electrical safety, safe lifting, personal protection and much more. 12 min. |
| C013G | Preventing Back Injuries Through Exercise | Explains basic exercises that "warm up" the back before beginning work. |
| C016G | Construction Permits | An excellent program to teach employees and supervisors proper procedure for permits and hot work permits. 10 min. |
| C017G | Construction Material Handling | This program is designed for all employees who are involved in material handling. |

Equipment Safety

| | | |
|-------|---|--|
| C002E | Ground Fault Circuit Interrupters | Designed to train all employees in the use of GFCI's and how the system works. 11 min. |
| C003E | Hand & Power Tool Safety | Responsibilities and general safety rules relating to hand tool safety. 12 min. |
| C004E | Ladder Safety in Construction | Designed primarily for stepladders and straight ladders. 9 min. |
| C006E | Backhoe/Loader Operations | General safety practices and operating rules for anyone assigned the job of operating a backhoe/loader. 9 min. |
| C012E | Storing Compressed Gas Cylinders Safety | Emphasizes the need for proper storing of compressed gas cylinders. Specific rules, procedures and general safety measures. 10 min. |
| C013E | Portable Grinders & Abrasive Wheels | Safety rules, ring testing and how to prevent injuries are discussed in this video. 10 min. |
| C014E | Power Actuated Tools | Safety procedures, types of loads, and potential hazards associated with operating tools. 12 min. |
| C015E | Scaffold Safety | Basic safety rules, operating procedures, and how to use scaffolds. 10 min. |

Chemicals/Hazardous Materials

| | | |
|-------|--|---|
| C002H | Chemical Spills, Leaks & Clean Up Operations | Meets training employees in basic spills and cleanup procedures |
| C003H | Handling and Using Flammable Liquids | Construction use of flammable liquids, specific procedures and safe handling, storing, use and disposal. 9 min. |
| C004H | Bonding & Grounding of Flammable Liquids | For construction industry 9 min. |
| C005H | Testing and Monitoring for Hazardous Gases | General awareness and basic safety for those persons who must test and monitor for hazardous gases in such areas as trenching operations, confined space entry and others. 12 min. |

Specialty Hazards

| | | |
|-------|---|---|
| C002M | Trenching & Shoring Operations | Explains the safety rules, requirements, procedures and emergency procedures. 12 min. |
| C004M | Subcontractor Safety Orientation | Excellent program to provide training to subcontractors on the job site. |
| C006M | Superintendent/Supervisor Safety Responsibilities | Understanding responsibilities, legal liabilities and potential exposures. 12 min. |
| C007M | Alcoholism in the Workplace | An awareness program on the hazards of alcohol on the job, or being under the influence of alcohol when reporting to work. 9 min. |
| C008M | Drug Abuse and What To Do About It | Designed to recognize the symptoms of drug abuse and then how to deal with the problem. 22 min. |
| C009M | Blood borne Pathogens/Construction | Explains precautions to take when administering first aid on a construction site. 14 min. |

Tractor/Trailers

| | | |
|---------|---|--|
| 13005AE | DOT Drug Training Program | Program designed to meet the DOT requirements for training truckers in substance abuse and drug testing program. 1 hour |
| 13007AE | Fleet Mechanic Safety & Hazardous Materials | Awareness program for fleet mechanics exposed to hazardous materials in their jobs. 17 mins. |
| 13010AE | Loading/Unloading Trailers Safely | Instructs individuals who load and unload trailers. Covers safe lifting, safety precautions when driving on or off the trailer with lift equipment, and more. 12 mins. |

Agriculture Safety

| | | |
|--------------|--|--|
| 16012A | Agriculture Series: Back Injury Prevention | One of the most costly injuries in the agriculture industry is back injury. This problem explains safe lifting techniques, the 10:1 ratio, hazards involved in stretching while twisting, and more.. |
| 16012A SP | Agriculture Series: Back Injury Prevention | One of the most costly injuries in the agriculture industry is back injury. This problem explains safe lifting techniques, the 10:1 ratio, hazards involved in stretching while twisting, and more. |
